

# Forêt – Franck Vigroux

## Compagnie d'Autres Cordes

---

### Presentation

Forêt is a passage way. The dreamlike crossing from one place to another, that of a change of state. Forest is an interior voyage. Here, the images open up in the unconscious, the forest slowly transforms itself, yearns to open up through images and sounds, while the fantasmagorical feminine figure slithers as a snake, and questions herself. Forest is a sensorial opera, built like a sliding movement, first as a vertigo, then an escape, followed by a fall, finally as a redemption. A sensible odyssey in the form of a quest.

He has performed and recorded with internationally renowned musicians such as Mika Vainio (Pan Sonic), Reinhold Friedl, Elliott Sharp, Joey Baron, Zeena Parkins, Ars nova ensemble instrumental. The uniqueness also comes from Vigroux's artistic approach that integrates new media and performing arts.
